Claudia Looi : Peru: From Machu Picchu to Cusco to the Nazca Lines to Lima before purchasing it in order to gage whether or not it would be worth my time, and all praised Peru: From Machu Picchu to Cusco to the Nazca Lines to Lima:

4 of 4 people found the following review helpful. An Invitation to ExploreBy Will SouthardReading Peru: From Machu Picchu to Cusco... opened the door for my husband and I to see ourselves going there. Claudia's engaging style, survival tips and smart links all add up to an invitation to enter the country. They help you draw a mental map and let your taste buds and imaginations fly. Her candor, such as describing the difficulties of trekking the Andean Highlands and the personal touches of their Homestay, provide a close inspection that traditional guide books don't!0 of 0 people found the following review helpful. Four StarsBy JakeGood info, easy to read and great for giving more information about great spots to visit in Peru!

In this Peru Travel Guide, I tell it like it is.No hype, no flowery words. Just pure personal first-hand travel information based off of my experiences in Peru.This is NOT like a traditional travel guide book. If you are searching for facts and figures about Peru, this book may not be for you.BUT if you're looking for a personal account, a first-person guide to Peru ndash; by someone who actually traveled there and experienced the good, bad and ugly ndash; this book is for you.This Peru book also includes nearly 100 photographs of the destinations. I jaunted through Peru with my family for 31 days in total, eating cuy, drinking Pisco Sour and seeing some of the most amazing attractions in the process. Our trip consisted of non-stop traveling to...the highlands,the lowlands,the cities, villages, deserts and islands.Here are some of the top Peruvian attractions and cities covered in this ebook guide: - Puno - Lake Titicaca - Amantani Island - Taquile Island - Cusco - Sacred Valley - Aguas Calientes - Machu Picchu - Arequipa - Colca Canyon - Nazca - Huacachina - Puerto Inka - and more...Pick up this book come with me!
